

ZOMBIE

TELESCOPE

DESIGN

CO.

BRAINS. BRAAAAAAAAAAIIIIINNNNNNSSSSSSSSS.
Oh, hello there. Here at ZTD Co, we are in need of teams of 2–3 hard working engineers to construct a telescope for our unique purposes. As our unfortunate nocturnal habits require us to feed under dim lighting conditions, we require telescopes that allow us to resolve very dim objects.

Interested persons should please inquire further with a representative of ZTD Co.
